

SHOW: GCCFI SUPREME CAT SHOW

DATE: 7<sup>th</sup> April, 2019

JUDGE: Mrs. Rosemary Fisher

My thanks to the show management team for inviting me to judge at the 28<sup>th</sup> Supreme Cat Show, and for the kind hospitality shown to us all. The lunch provided at the show was particularly delicious. The show had a very open and friendly atmosphere, with exhibitors and visitors mingling and enjoying seeing the cats in a very well staged pen layout. Thank you, too, to my steward Max Mason for his help and good humour throughout the day.

#### TABBY COLOURPOINT CHAMPION

**GR CH Garcia's CH Amoramist Cornish Qween  
Chocolate Tortie Tabby Point**

This pretty girl is just a few weeks short of her third birthday. She has good all round nicely balanced open type. She has a good round head with well placed ears. Her eyes are large, round and a good even blue. Her nose is short and broad with a good full brick coloured nose leather, she has round cheeks, a firm chin and a level bite. Her body shape is short and cobby, and she has short well boned legs with round paws. Her tail is short and full. She is a good size and weight. Her coat was on the short side today, the texture a little woolly. Her mask and points are excellent, very well matched and showing all the elements you would wish to see in this colouring and pattern. Good tabby pattern evident and bright tortie colours on all legs and mask. Her body coat shows some surface shading. Just a little more attention needed to refine her grooming to really make her sparkle. Sweet temperament.

#### AC TABBY/SMOKE/CAMEO & WHITE GRAND CHAMPION – HIBERNIAN

**TARA GR CH Craig's INT GR CH Grasshoppers Love And Kisses  
Tortie Silver Tabby & White**

I have reported on this girl several times over the last three years or so, she remains a beautiful example of a Persian. She has a rounded forehead between the neatest of small ears. Round, deep orange eyes, snub nose, good round cheeks, nice firm chin and level bite. Her body is short and cobby, standing on short well boned legs and balanced by a short full tail. Her coat today was medium length, showing a very good pattern distribution and pretty subtle colouration. The texture of her coat was silky and she had been well prepared. She was shown in excellent condition, just a bit grumpy when handled today, which is very unusual for her.

### AC EXOTIC SH GRAND PREIMER HIBERNIAN MALE

**TARA GR PR            Groves-Geary's GR PR Ambrogio Del Falco D'Oro  
Black Exotic MN**

A lovely mature boy. He has an excellent round, well balanced, masculine head, small well placed ears. Round expressive orange eyes, snub nose. Very good round, full cheeks, firm chin and almost level bite. He is very cobby in shape with excellent boning, balanced by a short thick tail. His coat today was nice and silky in texture and very sound. Super condition and lovely even temperament.

### AC EXOTIC SH GRAND PREMIER HIBERNIAN FEMALE

**TARA GR PR            Guilfoyle's INT GR PR Sheerbliss Precious Memory  
Tortie Smoke**

I must admit, this girl is an old favourite of mine. She is now six years old, she has an excellent round head, with small well placed ears, round deep copper eyes. Snub nose, lovely full cheeks, a good chin and level bite. Short, very cobby body of good weight, with well boned legs, round paws, and a short thick tail. She has a very nice Tortie coat, of beautiful rich colours, well interspersed, and with her contrasts developing. Sweet natured girl.

### AOC NON-SELF EXOTIC SH PREMIER

**GR PR            Guilfoyle's INT PR Sheerbliss Braveheart  
Red Silver Shaded & White MN**

This 3 year-old boy has a good round head with well placed ears, just a little open at the base. Large round deep orange eyes. Short broad nose, good full leather, round cheeks and firm chin. He has a substantial cobby body with well boned legs and large round paws, balanced by a short thick tail. His coat is short and dense, shedding a little today. His pattern shows a white smudge to his nose, a white chest and white to all limbs. The coloured areas are a good tone of red with good silver undercoat. He is a gentle boy, very relaxed of good type and shown in excellent condition.

### BLUE PERSIAN PRE-CHAMPION

**1<sup>st</sup> & CC            Caughey's Sogno Bluebayou – female**

She has a nice round head and neat little ears. Her eyes are a very nice large, round shape and a good orange colour. Neat short nose, good chin and slightly undershot bite. She is cobby in shape with short legs and a short tail. Today her coat was slightly short, a good silky texture with a nice soft feel, slightly dark toned but even in colour. Quite a small girl but with a nice solid feel. Good condition and temperament.

TABBY COLOURPOINT

**BOB Garcia's CH Amoramist Cornish Qween  
Chocolate Tortie Tabby Point**

AC TABBY/SMOKE/CAMEO & WHITE

**BOB Craig's INT GR CH Grasshoppers Love And Kisses  
Tortie Silver Tabby & White**

TABBY/TABBY & WHITE EXOTIC SH KITTEN

**1<sup>st</sup> & BOB Craig's Ori-Mik Flame – Red Silver Tabby female**

Lovely kitten with a very good round head, neat well placed ears. Round expressive eyes of excellent deep copper colour. Short broad nose, round cheeks, firm chin and good bite. She has a very short cobby body shape, short strong legs, round paws and a short thick tail. Her coat is short and very dense, the pattern is a little solid on her centre back, but well defined on her head, flanks, legs and tail. The colour is a good bright red on a clear silver ground. She is a very pretty, typy kitten of excellent size and condition.

SELF EXOTIC SH MALE NEUTER

**BOB Groves-Geary's GR PR Ambrogio Del Falco D'Oro - Black Exotic MN**

NON-SELF EXOTIC SH FEMALE NEUTER

**BOB Guilfoyle's INT GR PR Sheerbliss Precious Memory - Tortie Smoke**

AOC NON SELF EXOTIC SH MALE NEUTER

**BOB Guilfoyle's INT PR Sheerbliss Braveheart  
Red Silver Shaded & White MN**

BRITISH BLUE KITTEN MALE

**1<sup>st</sup> Kisieliene's Xiro Gerulis**

This 5½ month-old boy has a good round head, his ears are a good size but presently set a little upright. He has round, well opened eyes with the colour developing well. Short broad nose. He presently has a slight pinch to his muzzle, but it can be seen that he is teething very hard with double canines both sides top and bottom. He has a good cobby body with a nice firm feel to it, strong well boned legs and a medium length ail. His coat is a good texture, medium toned blue with some silver tipping evident at present. He is a promising boy, going through rather an adolescent stage at present. Very good condition with a lovely temperament and very sweet to handle.

## BRITISH BLUE KITTEN FEMALE

### **1<sup>st</sup> & BOB Hill's Britishbearcats Material Girl**

This is a very nice kitten. She is substantial and very well grown. Her head is nicely rounded and her ears are well placed and a good small size. Large, round orange eyes with a nice expression. Short broad nose, round face, good firm chin and level bite. Her body is strong and cobby in shape, well boned strong legs and round paws. Medium length thick tail with rounded tip. Super coat that is dense, excellent texture and pale blue in tone. Shown in excellent condition. Very nice type girl, shown in excellent condition, nice even temperament.

## BRITISH CREAM KITTEN MALE

### **1<sup>st</sup> & BOB Duffy's Astralcharm Definitely Maybe**

This boy has a good round head, his ears are well placed just a little open at the base. Round eyes of very good deep orange, short broad nose, good chin and level bite. He has a good substantial body of excellent size and weight, strong well boned legs, medium length thick tail. His coat is short and dense, medium toned cream, his tail is a touch darker in tone than his body and there are some faint tabby markings to his face and chest. He is a good type boy, very well grown and shown in excellent condition, with a good temperament.

## BRITISH CREAM KITTEN FEMALE

### **1<sup>st</sup> Steele's Luxdon Astoria**

This girl has a nice round head, her ears are small and well placed. Her eyes are round and well opened and a good bright shade of orange. She has a short broad nose, a good firm chin and a level bite. She is cobby in shape, with short legs and a medium length tail. I would prefer her a little larger for a Brit, but she has good body weight. Her coat is short and dense, medium toned cream and impressively even and clear of markings. She is a sweet little girl of nice type, shown in good condition and very relaxed to handle.
