

MRS SALLY RAINBOW-OCKWELL

Many thanks to Ronnie & the team for the invite to judge. This was my first time at this show and I had a really super time. The hospitality was second to none, and the cats were lovely. My steward was my other half, Gary, which is a rare honour! We had a lovely time in Ireland – despite the storm!

AC Non-Self Persian Champion Male;

GCC RIMA'S CH KAZBARA STAR TROUPER (PER c 21, 27/10/15). Lilac Tabby lad of good type. Good top of head with fairly neat ears. Eyes of good size & shape. Pale orange in colour. Short broad nose. Fairly good width to his cheeks. Level bite. Good chin. His coat was well prepared and of good length. Nice shade of pinkish lilac with slightly darker tabby markings. The markings are evident to his flanks but rather solid to his spine at present. He is entered as a 21 – it looks like he is actually spotted, although the spots are a little indistinct. Excellent cobby body that was well grown. Short full tail to balance.

AC Non-Self Persian Champion Female;

GCC KELLER'S CH GABRIELLE VON BARENSTEINHAUS (PER as 11, 11/6/16).

This girl is actually a Blue Silver Shaded (ie. PER as 11 64), as she is green-eyed. She is very sweet and of lovely feminine type. Good top of head with neat ears. Sea green eyes of good size & shape. Short broad nose. Good width to her cheeks. Level bite & good chin. Very well prepared coat of good length. Silvery white with even dark blue shading. Cobby body shape & fairly well grown. Short full tail to balance.

AC Persian/Exotic Grand Premier;

HIB GROVES-GEARY'S GR PR AMBROGIO DEL FALCO D'ORO (EXO n, 24/4/15).

Very attractive Black boy of good type. Good top of head with fairly neat ears. Mid orange eyes of excellent size & shape. Very short broad nose. Good width to his cheeks. Bite almost level. Good chin. Jet black coat that was almost sound. Stands out fairly well from his body. Excellent cobby body shape and very well grown. Short tail to balance.

AC Exotic Premier;

GPC RAINEY'S SUP PR PURRFICGEMS AMBER RAIN (EXO f 03 24, 4/5/16).

Attractive Tortie Tabby & White girl of very good type. Good top of head with fairly neat ears. Deep orange eyes of good size & shape. Very short broad nose. Good width to her cheeks. Bite almost level. Good chin. Her coat was well presented and stands out well from her body. White chin and legs and underneath. Cool ground colour with mid seal brown tabby

MRS SALLY RAINBOW-OCKWELL

markings overlaid with lovely rich red patches. Cobby body. Short tail to balance.

RES GUILFOYLE'S INT PR SHEERBLISS PRECIOUS MEMORY (EXO fs, 18/2/13).

Sweet Tortie Smoke lass of good type. Good top of head with neat ears. Quite bold orange eyes of good size & shape. Very short broad nose. I'd like to see a little more width across her cheeks and muzzle for better balance. Bite slightly undershot. Fairly good chin. Her coat was well prepared, but just a fraction long. Predominantly back with mid red patches. Silvery white undercoat. Cobby body. Short tail to balance.

Blue Persian Adult Female;

CC Withheld. 1 CAUGHEY'S HINCHKITZ BABY BLUE (PER a, 18/4/16).

Sweet girl of good type. Good top of head with fairly neat ears. She wasn't very keen to open her eyes, but the shape looks OK. The size is fair good, but the colour is a very pale greenish yellow colour. Very short broad nose. Level bite. Good width to her cheeks and good chin. Her coat was of fairly good length, just needing a bit more show preparation. Mid blue, just slightly shady. Her body is cobby in shape, but she is rather small. Short full tail to balance. Good show temperament. Unfortunately her eye colour does not match the standard.

Brown, Blue, Chocolate or Lilac Classic/Mackerel/Spotted Tabby Adult Male;

BOB RIMA'S CH KAZBARA STAR TROUPER.

Chinchilla/Blue Chinchilla, Shaded Silver/Blue Shaded Silver Adult Female;

BOB KELLER'S CH GABRIELLE VON BARENSTEINHAUS.

Chocolate Tortoiseshell Adult;

1 CC BOB RIMA'S KAZBARA CHOCOLATE RUFFLES (PER h, 21/9/16).

Sweet girl of good type. Good top of head and fairly neat ears. Pale orange eyes of good size & shape. Fairly short broad nose. Fairly good width to her cheeks. Bite fractionally undershot. Good chin. Her coat was of good length & well presented. Mid chocolate and mid shades of red. Well grown cobby body. Short full tail to balance.

Blue or Lilac Tortie & White Adult;

1 CC BOB MOLLOY'S CATSCASTLE BARCELONA (PER g 03, 13/3/14).

Very attractive Blue Tortie & White girl of excellent type. Very good top of head with neat ears. Excellent eyes of lovely size & shape, mid orange in colour. Very short broad nose. Full cheeks and firm chin. Bite slightly undershot. Excellent coat of good length, that was beautifully prepared. 80% clear white with mid blue and cream to her head and tail, and a

MRS SALLY RAINBOW-OCKWELL

patch to her back. Cobby body that was well grown. Short full tail to balance. A little nervous today.

Tabby/Smoke/Cameo & White Adult Female;

1 CC BOB CRAIG & BELL'S GRASHOPPERS LOVE N KISSES (PER fs 03 21, 7/1/15).

Very pretty Tortie Silver Tabby & White girl of good type. Excellent top of head with very neat ears. Mid orange eyes of good size & shape. Very short broad nose. Good width to her cheeks. Bite minimally undershot. Strong chin. Very attractive coat of good length, expertly presented. White to her legs and underneath – with cute white moustache! Clear silver tabby markings overlaid with patches of red. Cobby body. Short full tail to balance. Lovely show temperament.

AC Tabby or Tabby & White Exotic Adult Male;

1 CC BOB HARTE'S MOLLYCIDDLE LITTLE HEARTBREAKER (EXO n 03 22, 2/8/15).

Attractive Brown Tabby & White lad of good type. Good top of head with fairly neat ears. Pale orange eyes of excellent size & shape. Very short broad nose. Good width to his cheeks. Bite almost level. Good chin. His coat was well prepared, just a little flat at present – not yet with his winter coat. White to his chin, bib, underneath & legs. White patches to his back. Warm ground colour with clear brown tabby markings to his head and tail. Slightly solid to his body. Excellent cobby body shape and well grown. Tail of good length to balance. A really super lad with great presence.

AC Tabby or Tabby & White Exotic Adult Female;

1 CC CAUGHEY'S HINCHKITZ THE ENCHANTRESS (EXO f 03 24, 18/9/16).

Pretty Tortie Tabby & White girl of good type. Good top of head with fairly neat ears. Pale orange eyes of good size & shape. Very short broad nose. I would like to see a little more width to her cheeks and muzzle as she develops more maturity. Bite almost level. Fairly good chin. Very well prepared coat that stood out quite well from her body. Lovely attractive pattern to her coat. White to her chin, legs and underneath. Patches of rich red overlaying her tabby markings. Just a little agouti invasion in the pattern areas. Cobby body. Short tail to balance. Excellent show temperament.

Brown, Blue, Chocolate or Lilac Classic/Mackerel/Spotted Tabby Kitten Female;

1 BOB MOLLOY'S MOLLYCIDDLE HATTIEBOO (EXO n 03 22, 23/5/17).

Sweet Brown Tabby & White girl of good type. Good top of head with fairly neat ears. Mid orange eyes of good size & shape. Very short broad nose. Good width to her cheeks. Bite slightly undershot. Good chin. Full

MRS SALLY RAINBOW-OCKWELL

coat that was quite well prepared. 90% white with brown tabby markings to her tail and head. Small patches to her flanks. Well grown cobby body. Short full tail to balance.

Tortie or Tortie & White Kitten;

1 BOB MOLLOY'S MOLLYCIDDLE FIRENZE (EXO f 03 v, 23/5/17).

Lovely Tortie & White girl of super type. Excellent top of head with fairly neat ears. Deep copper eyes of good size & shape. Very short broad nose. Good width to her cheeks. Level bite. Good chin. Coat of very good length which had been expertly prepared – by mum...but she had other ideas having licked her bib and trousers comprehensively! Super pristine white to 60%. Rich red and jet black patches to head and tail, with patches to legs and back. Cobby body. Short full tail. Lovely show temperament.

AC Tabby or Tabby & White Exotic Kitten;

1 BOB IRWIN'S HINCHKITZ CHECKMEOUT (EXO n 03 24, 3/3/17).

Sweet Brown Tabby & White lad who is at an awkward age at present. He looked much better out of the pen though. Good top of head. His ears are held just a touch tall and they are a little large - to grow into. Mid orange eyes of fairly good shape & good size. Very short broad nose. His cheeks need to fill out a little as he matures. Bite almost level. Good chin. His coat was well prepared and standing out fairly well from his body. Around 70% clear white with excellent defined brown tabby patches. Cobby body. Short tail to balance.

AC Self Exotic Neuter;

BOB GROVES-GEARY'S GR PR AMBROGIO DEL FALCO D'ORO.

AC Tabby or Tabby & White Exotic Neuter Female;

BOB RAINEY'S SUP PR PURRFICGEMS AMBER RAIN.

1 PC RAINEY'S PURRFICGEMS ESME (EXO fs 03 22, 5/3/16).

Sweet Tortie Silver Tabby & White girl of good balanced type. Good top of head with fairly neat ears. Pale orange eyes of good size & shape. Very short broad nose. Good width to her cheeks. Level bite and fairly good chin. Her coat was well presented and standing out well from her body. Clear silver tabby markings with shades of red. White to her chin, bib and paws. Cobby body. Short tail to balance.

AOC Non-Self Exotic Neuter Male;

1 PC GUILFOYLE'S SHEERBLISS BRAVEHEART (EXO ds 03 11, 17/5/16).

Young Red Shaded and White lad who is at that awkward adolescent stage, but very promising. Good top of head. His ears are well set but just a little large at present – to grow into. Copper eyes of good size & shape. Very short broad nose. Good width to his cheeks. Almost level bite & good chin. His coat was well prepared and stood out fairly well from his

MRS SALLY RAINBOW-OCKWELL

body. Mid red to his head body and tail, with good silvery white undercoat. White to his nose, bib, legs and underneath. Very well grown body – just a little rangy at present but very solid and muscular. Tail of good length.

AOC Non-Self Exotic Neuter Female;

BOB GUILFOYLE'S INT PR SHEERBLISS PRECIOUS MEMORY.

1 PC RAINEY'S SHEERBLISS PURRFICGEM (EXO ds 11, 29/8/15).

Lovely Red Silver Shaded girl of mature balanced type. Good top of head with fairly neat ears. Mid orange eyes of good size & shape. Very short broad nose. Full cheeks and fairly good chin. Bite almost level. Her coat was well presented and stands out fairly well from her body. Mid red with good silvery white undercoat. Just faint tabby markings to her legs.

Cobby body. Short tail to balance. Very sweet nature.

2 IRWIN'S HINCHKITZ WILDWIND (EXO f 03, 11/5/16).

Very cute young Tortie & White girl who is still a touch adolescent, but very promising. Her ears are held just a touch tall at present, but fairly neat in size. Excellent pale orange eyes of lovely size & shape. Very short broad nose. Full cheeks and firm chin. Level bite. Her coat was very well presented and stands out fairly well from her body. White to her nose, paws and underneath. Elsewhere good patches of jet black with shades of red. Well grown cobby body with short tail to balance. Lovely show temperament. It was very close between these first two girls who are both lovely – just maturity and ear-set making the decision. I'm sure she has a great future ahead though.

3 GUILFOYLE'S SHEERBLISS RAPUNZEL (EXO es 03 11, 17/5/16).

Very pretty Cream Shaded and White girl of good type. Good breadth to her top of head with neat ears. Deep copper eyes of good size & shape. Very short broad nose. Full cheeks and firm chin. Unfortunately, her bite is offset and her top left canine is very misaligned. Her coat was very well prepared and stands out fairly well from her body. White to her chin, legs and underneath. Pale cream with paler silvery creamish undercoat elsewhere. Cobby body with short tail to balance. Super show temperament. Such a pity about her bite.
