JUDGE – HELEN MARRIOTT-POWER

Many thanks to Carmel for the invitation to judge at the GCCFI Support Midland Show and to the club for their hospitality. Also a big thankyou to my steward Stephen Bunce. A most enjoyable day with some lovely cats.

FOREIGN REX & SPHYNX CHAMPION

GR SVEIKAUSKIENE'S CH XARMAX ZARON SPH n M 25.11.17

Black Sphynx boy of two years of age. Rounded contours to a modified wedge with prominent cheek bones and distinctive whisker break with prominent whisker pads. I would prefer a bit of definition to line in profile for slight dip. Good rounded muzzle, untidy bite and shallow receding chin. Large, wide at base ears, set well apart and at slight angle to head, rounded at tips. Oval shape to fairly large, pale green, wide set eyes, correctly slanted towards outer edges of ears but I would prefer a slightly fuller, lemon shape. Very good size and weight to muscular body with rounded, broad chest and longish, slim legs with thick, oval paws. Slender, tapering tail needs a fraction more length to balance body. Very good fine down over body, slightly thicker over nose, hint on back of ears. Rather sparse whiskers and eyebrows. Nice natured.

AOV FOREIGN CHAMPION

GR LENIHAN'S CH COOMAKISTA ROISE DUBH ALH ns F 01.06.15

Nicely balanced, approaching five years old lady, not large but deceptively weighty body with good muscle tone. Well rounded chest and straight back. Slender, medium length legs and neat oval paws. Good length and shape to slightly tapering tail with a rounded tip and plume like effect to the fur. Medium to longer length coat, slightly dense but fine and silky in texture and close lying with frill along edge of body. Nice ruff and breeches. Smoke Asian Longhair, Tiffanie of silver undercoat with black mantle over. Fairly short wedge, wide at cheek bones and with a blunt muzzle. Good width to slightly rounded top of head between well set and shaped, medium to larger sized ears. In profile gently rounded brow, good nose break and fairly short, straight nose. Level bite and fair depth level chin. Yellow eyes with a nice expression and set well apart, I would prefer them a touch larger. Lovely temperament, a real 'biscuit maker'.

TORTOISESHELL COLOURPOINTED PERSIAN KITTEN

1ST & BOB CAUGHEY'S ASHANEEKA ANGEL-HEART PER f 33 F 30.07.19

Well developed six months old girl. Large round head with good breadth to skull, full cheeks and broad nose with neat nose leather. In profile rounded forehead, strong stop and short nose. Full muzzle, strong chin and level bite. Neat ears are set low and wide apart on head following the outer contours of the face, small and with rounded tips and long furnishings. Full round shape to large eyes set well apart, paleish blue in colour. Good size and weight to well muscled, cobby body, low on legs with a broad chest, massive shoulders and rump. Short, proportionate boned legs and large rounded paws. Short tail with full bushy effect to fur. Well developed coat is fine and soft, some frill at the shoulders and between the front legs. Nine months old girl of very good size and weight to medium length body with a well filled tummy. Well rounded chest and straight back. Slender, proportionate legs and neat oval paws. Good length and shape to slightly tapering tail with a rounded tip. Coat is a bit long, slightly dense but close lying and softish texture. Entered as a Chocolate Ticked Tabby Asian Shorthair but I felt she was a Brown Ticked Tabby with burmese colour restriction but gave her the benefit of the doubt today. Dark brown/black paw pads, burmese seal brown up back of legs, tail tip and over top of head. Good bands of ticking. Medium wedge, wide at
