Red, Cream or Tortie Taby/Tabby Maine Coon Champion

GRCH SWIACKAS CH MELANIA ISZTAR COON (MCO fs 22) Tortie Tabby F 26/6/16. Attractive girl who was beautifully presented. Excellent ears, set wide apart and beautifully furnished. Nose of uniform width and showing a shallow concave in profile. Excellent full muzzle and chin with level bite. Eyes full and round giving an alert expression. Solid body showing good weight and substantial bone and large tufted paws. Really nice coat with a glossy top coat of good length and soft undercoat, with a good intermingling of tortie and tabby barring. Full tail of good length. Nice girl.

AOC Maine Coon Champion

GRCH WAGNER'S CH ISHCUS FRANKLIN D (MCO a) Blue M 2/5/17. Very impressive boy but not happy today and did not want to be handled so he was judged in his pen. Excellent head with tall ears set well apart and beautifully furnished. Nose of uniform width and showing a shallow concave curve in profile. Really good full muzzle and strong chin, with full round eyes set well apart. Long body with substantial weight and long well furnished tail to balance with his body. Substantial legs with large round paws showing tufts between his toes. Excellent coat, which was long and flowing, sporting a full ruff and expertly prepared. Such an impressive boy and a shame he did not want to be handled as I considered him for BOV.

AC Silver Tabby or AOC Maine Coon Grand Premier/Hibernian

TARA GRPR WAGNER'S SUP GRPR ISHCUS CASPER THEFRIENDLY GHOST (MCO es 22) Cream Silver Tabby MN 16/9/16. Another boy who had to be judged in his pen, there seemed to be a few who were not happy on the table. Mature head with large ears set tall and well apart. Nose of uniform width, showing a shallow concave curve in profile. Full muzzle but I would like a slightly stronger chin. Eyes full and round and set with a slightly oblique aperture and set. Substantial body and weight with excellent bone and large paws. Full tail to balance with his long body. Beautifully prepared coat showing some tabby pattern to the sides. Glossy top coat with a silver undercoat, some ruff developing. Very attractive boy.

Red, Cream or tortie Taby/Tabby & White Maine Coon Premier

BOB & GRPR BROWNE'S PR ISHCUS MELVIN (MCO d 21) Red Tabby MN 12/12/17. Really lovely profile to this boy. Shallow concave curve to his nose and good full chin to balance. Ears set well apart and beautifully furnished. His eyes are set well apart and large and expressive. He has a good muzzle, full and boxy. Strong well grown body with good bone and weight. Fully furnished tail of good length to balance with the body. He has some pattern to his coat and barring to the legs and tail. He needed a bit more preparation to his coat as it was quite greasy in placed. It really does make a huge difference when the coat is looking its best. Such a lovely temperament, he was very relaxed and good to handle.

Seal Point Birman Pre Champion

1 CC w/h TANNER-MASON'S KAMASAKI CHAI LATTE F 18/5/18. Quite a small girl, still looking very much like a kitten, her head needs to mature and fill out. Almost round eyes of a deep blue and nose showing a small dip in profile. Cheeks need to fill out and her chin need to develop, she has level bite. Good weight for her size, although small she has good bone and

short strong paws. Nicely prepared coat although more preparation to her underside is needed. Her right glove is slightly scalloped and her left dips down between the toes. Socks are even and her gauntlets are mid length and matching. Really sweet girl, I hate to withhold the certificate, but I don't think she is ready for it.

Tabby/Tortie Tabby Birman Pre Champion

CC & BOB TANNER-MASON'S LUXDON MAN'S PIPER (SBI n 21) Seal Tabby F 31/3/18. Another Birman looking quite immature but with better markings. She also looks very kitteny, but she has it all there. Her head is quite small but in balance with her body. Ears set nicely on a rounded skull and showing distinct thumb prints, she has a good profile with small dip to her nose, her muzzle is still developing and her chin could be stronger. Her eyes are of a deep blue and almost round colour. Clear pale coat of good length, with strong barring to her legs and tail. Her gloves are symmetrical. Her right gauntlet is a little untidy but acceptable and her left could be fuller. Her tail is in balance with her body. I think she had been practicing the Birman huff but she handled well.

Brown or Blue Tabby/Tabby & White Maine Coon Pre-Champion

CC & BOB TANNER-MASON'S BLACKJAGUAR CHANEL (MO n 03 22) Brown Tabby and White F 11/4/18. Really nice girl, only young but well grown with a long body and substantial legs with large tufted paws. Excellent profile, with beautifully tufted large ears set well apart. Nose of uniform width with full, round eyes spaced wide apart. Really good muzzle and high cheekbones with a good firm chin and level bite. Her coat is still coming in, with some undercoat and top coat showing a good tabby pattern with large rosettes and barring to the legs and tail. Tail to balance with her body. A sweet girl who handled well, again a little more preparation underneath would make all the difference.

AC Siberian Pre Champion

CC & BOB PATRY'S NEVA ANGELS NINE LIVES (SIB n 21 33) Tabby Colourpointed M 31/3/18. My nomination for BOV SLH adult. A very eye catching male with such a lovely temperament. Impressive body for his age with a broad chest and firm legs and large tufted paws.
