

# **NEW BREED SECTIONS**

As the number of new breeds of cat are recognised it became apparent that there was an increase in certain groups, meaning that some sections had much greater competition than others. Therefore, the GCCF has 'evened out' the groups by forming new sections which are split into fairer competitive levels. As we follow the GCCF rules and regulations as far as shows go, we have therefore decided to follow their new sections as this makes it easier for the schedules to be produced by the GCCF on our behalf

## **SECTION 1 – Previously LH**

1a – Persian

1b – Exotic
