

Many thanks to Carmel Byrne and Gloria Heir for a fantastic show. I stepped in last min to judge the household pet section for the GCCFI show and thoroughly enjoyed the experience and wonderful cats.

Best Non-Pedigree Pet was Mr R Howrad's female neuter Perl.

Best Pedigree Pet was Mrs A S Collin's male neuter Harry.

#### NON-PEDIGREE PET SHORTHAIR

I544 – Tabby or Tabby & White

1<sup>st</sup> and BOC Mr R Howard's Perl

Beautiful striking Silver Tabby female neuter aged 4 years and 5 months. A gorgeous cat with stunning green eyes and a soft textured coat. Very well presented and lovely tabby markings. A very sweet girl who was affectionately "kneading bread" on her blanket!

#### PEDIGREE PET LONGHAIR/SEMI LONGHAIR

I549 – Red cat of any tabby, tortie or tortie tabby pattern

1<sup>st</sup> and BOC Mrs A S Collin's Harry

A beautiful red classic tabby semi longhair male neuter. 2 years and 10 months old. This lad looked to be of a maine coon type with a very chilled out relaxed temperament. Very rich red well-groomed coat and an impressive fox-like plume tail! He was such a pleasure to handle.

#### PEDIGREE PET SHORTHAIR

I552 – Pedigree pet shorthair self (single colour) with or without

1<sup>st</sup> and BOC Ms C Weldon's Jody

Cream and white bicolour male neuter. 6 years and 5 months old. Nice lad of a hairless type breed. Very friendly boy who loved his blanket. I found him hidden away where he was very toasty and appeared to be oblivious to the coming and goings of the show outside his pen. His cream and white was very noticeable on his face and thought it he suited his Nemo look a like style pen. Great effort for styling your pen!

I555M – Pedigree pet shorthair any other colour or pattern

1<sup>st</sup> and BOC Miss A Weldon's Canice

Seal point and white bicour shorthair male neuter. 4 years old. Huge hairless type cat. Super friendly big pet. Lovely blue eye colour and a very striking coat pattern with e peach fuzz texture. He looked love in his golden interior design!

I555F - Pedigree pet shorthair any other colour or pattern

1<sup>st</sup> and BOC Mrs M O'Shea's Zena

Seal point shorthair. 1 year and 2 months old. A beautiful seal point Siamese type with beautiful blue eyes. Great temperament who came straight up to say hello and have a cuddle. A real darling.

2<sup>nd</sup> Mr A lawless's Pepper

Blue silver pedigree pet shorthair. 2 years and 8 months old. This girl had a lovely Russian look to her and was quite cosy in her bed, she did give a little grumble when I tried to bring her out so I kept our meeting brief. This was the only thing that let her down as both the cats in this class were equally stunning. Her pen was absolutely spooktacular and 10/10 for creativeness!
