Thank you to Gloria, Carmel and the team for my invitation. Congratulations to all concerned.

Class S902: AC Non-Pedigree Master Cat (Grand Class)

1st GMC - Hughe's MC RUBY BUTTON, (NPS f 09) FN 18.07.2016

Mature lady with lovely plush coat. Well intermingled colours with lovely white paws. Quite shy but managed a purr. Well prepared.

Class S908: Non-Pedigree Pet Shorthair Tabby or Tabby & White (except Ginger or Tortie)

1st MC & BoC - Weldon's YANKEL, (NPS n 22) MN 01.09.2022

Shorthair Brown tabby – very substantial boy with large expressive eyes, lovely coat with bright white spot under his chin. Well prepared and once relaxed really showed himself off.

2nd Quinn's NUADA, (NPS ns 22) MN 17.04.25

Well prepared boy, enjoying a snooze while we rudely interrupted him – once roused his expressive eyes were a lovely colour. I would say more ghost tabby markings rather than the classic tabby but striking nonetheless. Handled well and it was a very, very close call between him and the other exhibit in class.

S910: Non-Pedigree Pet Shorthair Kitten

1st & BoC van Wyk's WHISKEY, (NPS a) FN 08.08.25

Blue short haired girl. Lovely expression with wide eyes taking it all in. Soft plush coat. Shy but friendly girl. Well prepared.

S912: AC Pedigree Pet Master Cat (Grand Class)

1st GMC French's MC STARBUG, (PPS n 25 31) MN 31.01.2024

Brown ticked tabby with lovely facial expression, large green eyes and well ticked coat. Quite shy today. Well prepared.

Large tabby boy with great presence. Lovely facial expression and beautiful coat. Well prepared.
